

Agtron is offering a **25% discount** to customers upgrading to our LEGEND rate and blockage systems until **December 22, 2017**. ANY BRAND of old air drill monitors and sensors are accepted as trade-ins. Here are the systems available through the upgrade program:

- THE LEGEND Wi-Fi Rate and Blockage monitor
- THE LEGEND ISO Rate and Blockage monitor
- THE LEGEND S.A. Rate and Blockage for section control drills
- Learn more about these products at www.legendSENSOR.com

Here's how it works. Simply purchase THE LEGEND from an authorised dealer or directly from Agtron before December 22, 2017. You will receive an RMA (Return Materials Authorization) with your new system. Then send in your old parts before August 15 2018 to receive your credit.

You will get the full **Agtron 3 year warranty** on your new LEGEND system!

NOTE: All shipping costs are the responsibility of the customer.

Please call Agtron If you have any questions 800-667-0640
